(2) An intrastate pipeline that provides transportation service under Subpart C may offer such transportation service on an interruptible basis.

(3) *Service on an interruptible basis* means that the capacity used to provide the service is subject to a prior claim by another customer or another class of service and receives a lower priority than such other classes of service.

(b) *Non-discriminatory access.* (1) An interstate or intrastate pipeline that offers interruptible service under subpart B, C or G must provide such service without undue discrimination, or preference, including undue discrimination or preference in the quality of service provided, the duration of service, the categories, prices, or volumes of natural gas to be transported, customer classification, or undue discrimination or preference of any kind.

(2) An interstate pipeline that offers transportation service on an interruptible basis under subpart B or G of this part must provide each service on a basis that is equal in quality for all gas supplies transported under that service, whether purchased from the pipeline or another seller.

(3) An interstate pipeline that offers transportation service on an interruptible basis under subpart B or G of this part must provide all shippers with equal and timely access to information relevant to the availability of such service. The information must be provided on an Electronic Bulletin Board with the features prescribed in § 284.10(a) and as required by § 284.10(b).

(4) An interstate pipeline that offers transportation service on an interruptible basis under subpart B or G of this part may not include in its tariff any provision that inhibits the development of market centers.

(e) *Limitation.* A person providing service under subparts B, C or G of this part is not required to provide any requested transportation service for which capacity is not available or that would require the construction or acquisition of any new facilities.
